Contributors Index on Page 347

Abnormalities, male DES offspring, 147
Abortion
  laminaria augmentation with prostaglandins, 334
  late first and early second trimester, 81, 263
  second trimester (symposium), 47
  with prostaglandins, 47, 81, 263
  with vaginal suppositories, 263
Abscess, renal, 97
Adenohypophysis and steroid feedback, 11
Alcohol, prevention of premature delivery, 35
Amniotic fluid analysis, 39
Application of colposcopy, 207

Black woman, endometriosis, 307
Breast and oral contraceptives, 5

Carbuncle, renal, 97
Cervical cancer
  screening in a family planning program, 246
  colposcopic management, 315
Cervical conization, 315
Cervical neoplasia
  colposcopic management, 315
  detection and management, 235
  during pregnancy, 243
Cesarean section morbidity, 97
Clomid treatment
  heterotopic pregnancy, 78
Colposcopy
  and cytology, 249
  cervical neoplasia in pregnancy, 243
  detection and management of cervical neoplasia, 235
  evaluation of cervical neoplasia in pregnancy, 243
  evaluation of 500 patients, 31
  findings in DES offspring, 65
  glossary of terms, 212
  history, 209
  hystopathologic spectrum of the cervix, 253
  invitational symposium, 205
  management of cervical neoplasia, 315
  morphology of the prepuberal cervix, 221
  new terminology, 214
  practical application, 207
  private practice, 231
  safe and sensible approach, 73
  screening for cervical cancer, 246
Contraceptives
  breast, 5
  removal of misplaced or embedded IUDs, 139
  myocardial infarction, 1
  salpingitis secondary to IUDs, 159
Culdoscopy, impact of, 187

DES-exposed offspring
  abnormalities in male, 147
  colposcopic findings, 65
  management, 282, 285, 289, 290, 291, 293, 294, 295, 297
Detection and management, cervical neoplasia, 235
Dramamine, uterine contractibility, 27
Dysgerminoma, ovarian 310
Dysplasia, 315

Endocervical biopsy, 315
Endocoagulation, endoscopic surgery, 195
Endometriosis
  black women, 303
  laparotomy scars, 85
Endoscopy
  documenting findings, 269
  Needlescope, 29
Evaluation of cervical neoplasia in pregnancy, 243

Family planning program
  screening for cervical cancer, 246
Fertility management
  World Health Organization, 154
  male, 91
Fertility regulation
  male, 91
Fetal maturity and amniotic fluid, 39
Fetal skull, intrauterine depression, 321
Fetoscopy, impact of, 187
Fimbrial microbiopsy, 171
Food and Drug Administration
  role in instrumentation, 184
Forceps, multipronged for laparoscopy, 167
Fracture, fetal skull, 321

Glossary of colposcopic terms, 212
Gonadotropins, 11
Gynecologic endoscopy, 1975, 103

Heterotopic pregnancy after clomid, 78
History
  colposcopy, 209
  hysteroscopy of intrauterine gas insufflation, 329
Hysteroscopy
  impact of, 187
  intrauterine gas insufflation, 329
  location and removal of IUDs, 139
  use of Hysteroflator, 145
Hystopathologic spectrum of the cervix, 253

Instruments and the FDA, 184
Intratubal devices, 179
Intrauterine devices
location and removal, 139
salpingitis, 159
Intrauterine gas insufflation, 329

Labor
Dramamine on uterine contractibility, 27
intravenous alcohol, 35
LAP score, fetal evaluation, 44
Laparoscopy
bowel burns, 105
Carboflator for establishing pneumoperitoneum, 126
changing techniques of sterilization, 105
complications, 105
diagnostic, 135
electrocoagulation sterilization, 129
endometriosis, incidence of, 135
equipment preferences, 105
free air, 119
impact of, 187
model countrywide teaching program, 191
multipronged forceps, 167
other risks, 105
physician experience, 105
preferences in surgical technique, 105
pregnancy rates, 105
puerperal sterilization, 307
research, 179
sterilization, methods influenced, 325
survey, 105
tubal healing, 129
temperature gradients within the pelvis, 163
use of Needlescope, 29
Laparotomy scars and endometriosis, 85

Management and detection of cervical neoplasia, 235
Management of DES syndrome (a discussion), 281, 282, 285, 289, 290, 291, 293, 294, 295, 297
Management of vaginal adenosis
Beth Israel Hospital, 291
Hospital of the University of Pennsylvania, 392
Medical College of Pennsylvania, 297
using carbon dioxide laser surgery, 295
Microbiopsy, fimbrial, 171
Midwife, nurse, 21
Morphology of the youthful cervix, 221
Multipronged laparoscopic forceps, 167
Myocardial infarction and the pill, 1

Needlescope as gynecologic endoscope, 29
Nurse-midwife, 21

Obstetrics
cytology and colposcopy, 249
evaluation of cervical neoplasia, 243
nurse-midwife in private practice, 21
use of LAP score, 44
Offspring of DES-treated mothers
colposcopic findings, 65

Oral contraceptives
and the breast, 5
lower dose combination, 338
myocardial infarction, 1
relative "risk" factors, 1
Ovarian dysgerminoma, 210
Ovarian steroids, 11
Ovulation, 11

Photographic
documentation of laparoscopic findings, 269
Pituitary sensitivity, 11
Polaroid
documentation of laparoscopic findings, 269
Pneumoperitoneum
use of hysteroflator, 145
use of carboflator, 126
free air following, 119
Population surveillance, 299
Postmenopausal women
natural estrogen and anti-thrombin III activity, 87
Postpartum
febrile morbidity, 97
laparoscopic sterilization, 307
Pregnancy
evaluation of cervical neoplasia, 243
toxemia, 299
Premature delivery, use of intravenous alcohol, 35
Prostaglandin
laminaria augmentation, 334
oral to induce labor at term, 276
vaginal suppositories, 263
management of unsuccessful pregnancy, 271
second trimester termination, 47, 81, 263
Puerperal laparoscopic sterilizatin, 307

Renal abscess, 97
Renal carbuncle, 97
Research
human ovary and oocyte recovery, 179
intratubal devices, 179
laparoscopy, 179
tubaloscope, 179

Salpingitis secondary to IUDs, 150
Semen and fertility regulation in the male, 91
Sex organs
abnormalities in male DES-exposed offspring, 147
Sex ratio in progeny of mothers with toxemia, 299
Sterilization
influenced by laparoscopy, 325
laparoscopic electrocoagulation, 129
laparoscopic statistics, 105

Toxemia of pregnancy, sex ratio in progeny, 299
Terminology, colposcopic, 214

Uterine contractibility, effect of Dramamine, 27

Vaginal adenosis management
Beth Israel Hospital, 290
Hospital of the University of Pennsylvania, 291
Medical College of Pennsylvania, 297
using carbon dioxide laser surgery, 295
